Drive@earth

A new generation diesel engine.

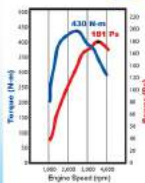

The New STRADA GLS 2WD

4-cylinder, DOHC, 16 valves 2.4L Clean Diesel engine with Mitsubishi Innovative Valve timing Electronic Control (MIVEC) system

Compared to traditional diesel engines, the new 4N15 engine boasts of a low compression ratio, thus reducing fuel consumption, smoke and nitrous oxide emissions as well as maximizing the output of the Variable Geometry Turbo (VGT). It also uses an aluminum cylinder block, making it significantly lighter. This translates to better fuel economy without sacrificing engine output.

As a result, the power and torque output of the all-new Clean Diesel engine with MIVEC is rated at 181 Ps / 3,500 rpm and 430 N.m / 2,500 rpm.

4-speed MT & 5-speed AT: Max Power 181 Ps / 3,500 rpm • Max Torque 430 Nm / 2,500 rpm

• Ashtray only (placing ash) at generic dashboard • New 4-spoke leather-wrapped steering wheel (GLS)

• Multimedia Entertainment System with Tire Pressure Monitoring System (TPMS) (Dealer Option)

• Automatic Climate Control System (GLS)

• Keyless Operation System with start/stop engine button (GLS)

• Steering wheel mounted audio (Dealer Option) and cruise controls

• New Design White Hi High Contrast Instrument Meter Cluster (GLS)

• Black High Grade Fabric Seats (GLS)

• Class leading load room

• Splash resistant bumper (GLS)

- New Design Side Step Plate
- New Dark Chrome Front Grille

- Foglamp integrated Daytime Running Lights (DRL)

• Fog Foglamp (GLS)

• Power side mirrors with integrated LED turn signals and power fold function

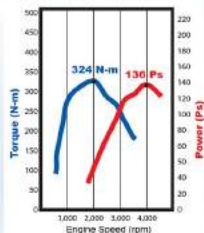

• 17 inch Alloy Wheel (GLS)

Powerful yet Economical 2.5-L DOHC 16-Valve Turbocharged and Intercooled Di-D engine (4D56) (GLX)

The 2.5-liter Direct Injection Common Rail diesel engine which produces 136 Ps is designed to cope with the demands of high speed motoring. Aside from being able to produce ample power and torque, this breakthrough engine assures better fuel efficiency and reduced emissions.

5-speed M/T:
Maximum Power
136 Ps / 4,000 rpm
Maximum Torque
324 N-m / 2,000 rpm

• Aesthetically pleasing and ergonomic dashboard
 • 3-spoke urethane steering wheel with cruise control

1-Din Single In-dash CD, MP3, WMA player/ Tuner/iPod-ready with Auxiliary-in and USB ports and Bluetooth connectivity (GLX)

Keyless entry with alarm

New design 16-inch alloy wheels (GLX)

Safety Features

Dual SRS Airbags

RISE Body Construction
 (Reinforced Impact Safety Evolution)

The comprehensive safety system of the Strada offers all the occupants greatly improved all-around collision protection. Mitsubishi's exclusive RISE body construction incorporates front and rear crumple zones with reinforced beams to absorb collision force and direct it away from the vehicle's interior. The engine and drive components also absorb energy, preventing further damage from reaching the cabin.

Anti-lock Braking System (ABS)

Electronic Brake-force Distribution (EBD)

Tightest in its class
5.9m
 Turning radius

• Deeper and larger cargo bed with bed liner

J-Line

The J-Line is a clever engineering design to shorten the wheelbase and maximize interior space. The increased space results in class-leading legroom for maximum comfort. Also the shortened wheelbase allows for a class-leading minimum turning radius of 5.9 meters making the all-new Strada easy to maneuver and a joy to drive.

Class-leading 3.8 lock-to-lock steering
